2021  HOW ROCK SIZE AFFECTS SEX RATIO, CRAB SIZE, AND CRAB ABUNDANCE IN PACHYGRAPSUS CRASSIPES  # 3462

2021  Learning ability and chemoreception in the purple sea urchin, Strongylocentrotus purpuratus  # 3463

2021  On the symbiotic relationship between the bat star Patiria miniata and its Hesinoid polychaete Ophiodromus pugettensis  # 3464

2021  Territoriality in Pachygrapsus crassipes, the striped shore crab in Northern California  # 3465

2021  Learning capabilities and chemoreception of the purple sea urchin, Strongylocentrotus purpuratus  # 3466

2021  Assessing the Facilitation Between the Bat Star Patiria miniata and the Polychaete Worm Ophiodromus pugettensis  # 3467

2021  Acanthinucella spirata vs. Nucella ostrina: Analyzing Interactions Between Snails with Newly Overlapping Ranges  # 3468

2021  Competition Does Not Explain Intertidal Separation of the Angular Unicorn (Acanthinucella spirata) and the Striped Dogwhelk (Nucella ostrina)  # 3469

2019  TOXICITY OF NANO SILVER, NANO COPPER & NANO ZINC IN GREEN STRIPED SHORE CRAB LARVAE, PACHYGRAPSUS CRASSIPES  # 3428

2019  The effects of the nudibranch PHIDIANA HILTONI on resident nudibranch species along the Northern California coast  # 3446

2019  Effects of predator cues and population density on the purple sea urchin Strongylocentrotus purpuratus  # 3447

2019  Effects of lowered pH on the chemosensory abilities of the Monterey sea lemon (Doris montereyensis)  # 3448

2019  Effects of extreme mortality of California Mussels (Mytilus californianus) on mussel bed biodiversity and community structure in Bodega Bay  # 3449

2019  Larval settlement preferences in an invasive bryozoan, BUGULA NERITINA: A study on tolerance to copper antifouling biocides  # 3450

2018  The Effects of Temperature on the Reproductive Strategies of the Checkered Periwinkle Snail (Littorina scutulata)  # 3437

2018  The Effects of Mussel Beds (Mytilus californianus and Mytilus galloprovincialis) on Invasive and Native Species in Marine Docks and Eelgrass Beds of Bodega Harbor, CA  # 3438

2018  Coloration and Predation Response in Populations of the Sea Anemone Epiactis prolifera in Bodega Bay  # 3439

2018  Effects of Predator Cues on the Foraging Behavior of Two Populations of the Striped Dogwhelk, Nucella ostrina  # 3440

2018  The effect of mussel beds (Mytilus californianus and Mytilus galloprovincialis) on species composition in the docks and eelgrass beds of Bodega Harbor, CA  # 3441

2018  Microfiber presence in gooseneck barnacles Pollicipes polymerus and Lepas anatifera  # 3442

2018  Effects of Sea Star Wasting Disease on the Distribution and Foraging Abilities of Ochre Sea Stars (Pisaster ochraceus) in Intertidal Habitats  # 3443

2018  Presence of microplastic in barnacles (Lepas anatifera and Pollicipes polymerus) from the intertidal zone and open ocean  # 3444

2018  pH & wave action effects on the skeleton of the sea urchin Strongylocentrotus purpuratus  # 3445

2017  Climate change leads to species geographical range shifts, causing interspecific competition between the snails, Acanthinucella spirata and Nucella ostrina  # 3408

2017  Effects of cosmetics on the purple sea urchin, Strongylocentrotus purpuratus  # 3409

2017  A Comparison of Nano-Copper to Soluble Copper in the Carcinus maenas (Green Crab)  # 3410

2017  The effects of creosote water on the feeding rate and tube feet of the purple seastar, Pisaster ochraceus  # 3411

2017  The comparative effects of nano copper on two different populations of the bay mussel, Mytilus galloprovincialis  # 3412

2017  Urchins on Acid: The synergistic effect of ocean acidification and creosote on sea urchin embryos  # 3413

2017  Phenotypic plasticity in the tubes and feeding behavior of the Vermetid tube snail, Petaloconchus montereyensis due to changes in flow rates  # 3414

2017  Direct and indirect effects of two crab, Romaleon anternnarium and Carcinus maenas, on the snail, Nucella ostrina  # 3415

2017  Stop, Drop and Writhe: A Study of Nudibranch Defensive Behavior and Intraspecific Interaction  # 3416
2017  Effect of Microplastic Ingestion on Algal Feeding in White Sea Urchin Pluteus Lytechinus Pictus  # 3417

2017  Physiological responses of Mytilus galloprovincialis, the Mediterranean mussel to polycyclic aromatic hydrocarbons (PAHs)  # 3418

2017  Alien Invasion: Symbiotic Interactions Between Two Invasive Species, the amphipod Caprella mutica and the bryozoan Bugula neritina  # 3419

2017  Physiological responses of Mytilus galloprovincialis, the Mediterranean mussel to polycyclic aromatic hydrocarbons (PAHs)  # 3418

2017  Physiological responses of Mytilus galloprovincialis, the Mediterranean mussel to polycyclic aromatic hydrocarbons (PAHs)  # 3418

2017  Alien Invasion: Symbiotic Interactions Between Two Invasive Species, the amphipod Caprella mutica and the bryozoan Bugula neritina  # 3419

2017  Anemones or Enemies? Aggression and range shifts of two anemone species, Anthopleura sola and Anthopleura xanthogrammica in Horseshoe Cove  # 3420

2017  Temperature and interspecific competition effects on the feeding rate and range limits of two whelks, Nucella ostrina and Acanthinucella spirata  # 3421

2017  Biological interactions between invasive species: the amphipod Caprella mutica and a bryozoan Bugula neritina  # 3422

2017  Shifting ranges and the role of aggressive behavior in competition between two species of sea anemone, Anthopleura sola and A. xanthogrammica  # 3423

2017  Effects of cerata loss on the aggressive behaviors of the nudibranch Hermissenda opalescens  # 3424

2017  Direct and indirect effects of crab predators, native Romaleon antennarium and invasive Carcinus maenas on the snail Nucella ostrina  # 3425

2017  Phenotypic Plasticity in Petaloconchus montereyensis, Vermetid Tube  # 3426

2017  COMBINED EFFECT OF 2,2',4,4'-TETRABROMODIPHEYLETHER (BDE-48) AND SOLUBLE COPPER ON PURPLE SEA URCHIN DEVELOPMENT  # 3427

2017  Autotomy and Aggression in Hermissenda opalescens: A Study of the Effect of Cerata Removal on Aggressive Behaviors of Nudibranchs  # 3429

2016  Do foraging crabs rely on chemoreception? Effects of turbidity on chemical or visual predation in two nearshore Northern Californian crab species.  # 3383

2016  Size structure, growth rings, and aggregations in a newly documented population of Bodega Harbor sand dollars (Dendraster excentricus)  # 3384

2016  Bryozoan (Membranipora tuberculata) lophophore activity in response to particle concentrations and feeding differences between colonies  # 3385

2016  Size structure, growth rings, and aggregations in a newly documented population of Bodega Harbor sand dollars (Dendraster excentricus)  # 3386

2016  The effect of copper oxide nanoparticles on Pacific Oyster development, multidrug resistance, and chemosensitization  # 3387
2016 The effects of copper oxide nanomaterials on mussel hemocytes! # 3388

2016 Strategic Retreat: Factors that Affect Autotomy in the porcelain crab, Petrolisthes cinctipes # 3389

2016 Effects of predator chemical cues and algal diet on spine regeneration in the purple urchin Strongylocentrotus purpuratus # 3390

2016 The effects of body size and group density on phytoplankton clearance rates of the mussel Mytilus californianus # 3391

2016 The Effects of Temperature on Feeding Rates and Locomotion of the Nudibranchs, Okenia rosacea and Hermissenda crassicornis # 3392

2016 The Feeding Response of the Bryozoan, Membranipora tuburculata, to Different Particle Types and Concentrations # 3393

2016 The effects of copper nanomaterials on the embryonic development and muntidrug resistence of Patiria Miniata (Bat Star) # 3394

2016 Size, Sex and Number of Claws Impact Autotomy in Porcelain Crabs, Petrolisthes cinctipes # 3395

2016 The effects of phthalates on the axis determination of purple sea urchin (Strongylocentrotus purpuratus) embryos # 3396

2016 Two exposure routes of zinc oxide nanomaterial and the effect on feeding and bioaccumulation of zinc in White Sea Urchin (Lytechinus pictus) larvae # 3397

2016 How temperature affects the feeding rates and locomotion of the nudibranchs, Okenia rosacea and Hermissenda crassicornis # 3398

2016 Effects of size and organization on clearance rates in the mussel Mytilus californianus # 3399

2016 Recovery Growth Rates in the Spines of the Purple Sea Urchin, Strongylocentrotus purpuratus under Restricted Diets and Predator Chemical Cues # 3400

2016 Multidrug resistance and the effects of silver on Zebrafish development # 3401

2016 The Effect of Turbidity on the Foraging Behavior of Two Nearshore Crabs: Pachygrapsus crassipes and Pugettia producta. # 3402

2016 Assessment of Mytilus californianus as a bioindicator through comparison of pH, condition index, and shell area # 3404

2016 withheld # 3405

2016 Geomorphology and Sediment Transport Processes at Sand Point, Tomales Bay, California # 3406

2015 A cold-water plume in the California Russian River Estuary # 3291
The effects of antidepressants on the development of Purple Sea Urchins and Zebrafish embryos  # 3294

Developmental effects of altered Photoperiods on Purple Sea Urchin (Strongylocentrotus Purpuratus) embryos exposed to the carcinogen methyl methanesulfonate  # 3295

Estradiol on developing embryos of Purple Sea Urchins (Strongylocentrotus purpuratus) and Bat Stars (Patiria miniata)  # 3296

Prey mediated-behavior and food preference of the nudibranch Hermissenda crassicornis  # 3297

The effects of starvation on reactivity to light and chemical stimuli of the nudibranch Hermissenda crassicornis  # 3298

The effects of ocean acidification on Sandcastle worm (Phragmatopoma californica) tube structure  # 3299

Immune system impacts of global climate change and ocean acidification in two ecologically critical Echinoderms  # 3300

Morphological effects of bulk and nano zinc oxide sunscreens on developing Strongylocentrotus purpuratus embryos  # 3301

To eat or not to eat: Effects of the presence of the crab Cancer productus on feeding behaviors of the snail Nucella ostrina  # 3302

Neurotoxic effects of silver nanoparticles on developing Zebrafish (Danio rerio)  # 3303

Effects of the non-steroidal anti-inflammatory drug, ibuprofen, on the early development of Purple Sea Urchins (Strongylocentrotus purpuratus) and Zebrafish (Danio rerio)  # 3304

The Effect of Asphalt Runoff Exposed to Sunlight on the Development of Purple Sea Urchins  # 3305

The Comparative Effects of BPS and BPF to BPA on the Embryological Development of the Purple Sea Urchin Strongylocentrotus Purpuratus and the White Sea Urchin Lytechinus Pictus  # 3306

The effects of flow and predator cue gradient on the flight response of the black turban snail, Chlorostoma funebralis  # 3307

Feeding preferences of the nudibranch Hermissenda crassicornis, and the effects on conspecific interactions due to prey choice  # 3308

Effects of ocean acidification on sandcastle worm (Phragmatopoma californica) tube structure  # 3309

The effects of food deprivation on the phototactic and chemotactic abilities of the nudibranch Hermissenda crassicornis  # 3310
The Effects of Flow and Predator Cue Gradient on the Flight Response of the Black Turban Snail, Chlorostoma funebralis  # 3311

Inducible defenses of the sandcastle worm Phragmatopoma californica in the presence of predator karimones  # 3312

The effects of food density and water velocity on the cirral length of the barnacle Chthamalus dalli  # 3313

The Effects of TMIIs from the crab, Cancer productus, on the prey choice of the Striped Dog Whelk, Nucella ostrina.  # 3314

Predator-induced defenses: Effects of two predators on the larval stage of the sandcastle tubeworm Phragmatopoma californica.  # 3315

Effects of food and flow on cirral length of the barnacle Chthamalus dalli  # 3316

Assessment of biodiversity, viability, management capacity, and social equity of marine reserves using the GLORES criteria  # 3317

A Cold-Water Plume in the California Russian River Estuary  # 3318

Bodega Harbor Pore Water and Sediment Composition: Can Eelgrass Beds Provide Shelter from Ocean Acidification?  # 3319

Organic and Carbonate Analysis of Zostera marina Environments in the Bodega Harbor  # 3320

Assessment of Biodiversity, Viability, Management Capacity, and Social Equity of Marine Reserves Using the GLORES Criteria  # 3321

The effect of a no-take zone on the size and abundance of clams in the Bodega Harbor  # 3322

The Localized Effects of ENSO on the SST of Farallon Island and Pacific Grove  # 3323

Local Effects of ENSO events on SST of Farallon Islands and Pacific Grove  # 3324
