### **New and expanded Bodega program in Coastal Marine Systems!**

This exciting, integrated program offers students a multidisciplinary understanding of coastal systems through hands-on, research, and field based courses taught at BML. The Program offers courses during the UCD Summer Sessions 1 and 2. Some courses are specifically designed for students commuting from Davis or other Bay Area cities. Read more about the program and courses [here>>](#)

BML will be [well-represented](#) at the [Ocean Sciences Meeting](#) from February 21–26 in New Orleans.
