#### Announcements

Live streaming of the BML seminar series has returned to CMSI this fall! Come hear leading marine scientists share their research on Wednesdays at 4pm in Storer Hall 1347. Light refreshments are provided. See seminar schedule [here](#).

BML will be providing the venue for the State senate/assembly Joint Fisheries & Aquaculture

#### News

Two oceanic crabs on plastic flotsam from the Pacific Ocean,  
Photo: Mike Gil/UC Davis)

CMSI Postdoctoral Researcher Mike Gil with co-author Joseph Pfaller of the University of Florida, published findings

hearing, **Crab Season Outlook for 2016-17 & Modern Aquaculture in California**, hosted by Senator Mike McGuire on Oct. 4, 2016. [Read more>>](#)

The UC Natural Reserve System Field Studies Program: California Ecology and Conservation is now accepting applications until October 24. [Learn more>>](#)

## Jobs

University of North Florida seeks to fill a tenure-track position at the Assistant Professor level who studies the ecology of coastal, estuarine or marine systems. [Read more>>](#)

The Engineering School of Sustainable Infrastructure and Environment (ESSIE) at the University of Florida invites applications for multiple tenure-track faculty positions at Asst/Asso/Full Professor levels in the areas of coastal hydrodynamics, coastal geotechnical

in the journal *Biology Letters* about the mating strategies of the oceanic crab *Planes minutus* on plastic flotasam and loggerhead sea turtles. [Read more>>](#)

(Tessa Hill with NPR's Ira Flatow, Photo: Adeline Xu/UC Davis)  
CMSI's Tessa Hill talked with 'Science Friday' host Ira Flatow about ocean acidification and oysters, during the radio show's recording Sept. 24 at the Mondavi Center. The episode "Life Without Water," will be presented on [Capital Public Radio](#) (90.5 FM) from 11 am to 1 pm and 9 to 11 pm this Friday (Sept. 30). [Read more>>](#)

(BML celebrating 50 years, Photo: BML)  
The Sept. 16-17 festivities celebrating the 50th Anniversary of the Bodega Marine Laboratory included a Chancellor's event and an alumni reunion that welcomed hundreds of former students, staff and donors since the 1960s. They were hosted by resident BML faculty, graduate students and staff representing current research activities. [Read more >>](#)

engineering, coastal ecosystem ecology, and/or coastal ecological engineering.

[Read more>>](#)

The University of Virginia Arts & Sciences Department of Environmental Sciences Invites applications for an Assistant or Associate Professor position in Coastal Ecology. [Read more>>](#)

University of Virginia invites applications for a tenure-track Assistant Professor appointment in Evolution Ecology. [Read more>>](#)

CMSI is looking to hire two new interns for fall 2016 and beyond. Read the position descriptions for the Science Writing Intern or the Social Media Marketing Intern position [here](#).

## Spotlight

(Steven Morgan prepares to deploy robot larvae, Photo: Joe Proudman/UC Davis)

UC Davis professors Steven Morgan, Rick Grosberg, and John Largier are featured in this UC story about studying larval transport using robot larvae! The news story was featured in KQED Science, Wired and San Francisco Chronicle. [Read more >>](#)

(Bacteriophages in red, bacteria cell, in blue, Biophoto Associates/ Science Source)

UC Davis' Jonathan Eisen is quoted on NPR story entitled, "Your Gut's Gone Viral, And That Might Be Good For Your Health". [Read more>>](#)

## Events

This month's Spotlight features the UC Davis Bodega Marine Laboratory. Read more about the lab [here](#).

## Tideline Updates

If you have any news we should know about, please email us at [cmsinews@ucdavis.edu](mailto:cmsinews@ucdavis.edu)

Save the date– November 17, 2016. This symposium will explore the 40-year history of California coastal management and inform the agenda for the next 40 years of implementation. Register [here](#).

Save the date–December 1, 2016 for Beyond the Golden Gate Research Symposium. A symposium focused on the oceanography, ecology, and geology of the Gulf of Farallones and adjacent waters between Point Arena and Point Año Nuevo – including Cordell Bank, Point Reyes, and central San Francisco Bay. Register [here](#).
