### RFPs

Sea Grant welcomes proposals for two competitive opportunities to advance aquaculture research, address barriers to aquaculture, and expand aquaculture production. Up to \$15 million is expected to be available over several years to support projects in the two competitions. Click [here](#) to find out more.

California Sea Grant Program is soliciting applications for Standard Core Awards for preliminary proposals that follow the integrated themes of Healthy Coastal

### News

Ecosystems, Sustainable Fisheries and Aquaculture, and Resilient Coastal Communities and Economies. To find out more, click [here](#).

USC Sea Grant is now accepting preliminary proposals for projects beginning February 1st, 2018 on topics pertaining to "Urban Ocean," urban wetlands and beaches, aquaculture, and ocean energy and public education. Full details [here](#).

The California Department of Fish and Wildlife Fisheries Restoration Grant Program has extended the deadline to submit proposals in response to the Fisheries Habitat Restoration 2017 Proposal Solicitation Notice to April 3, 2017. See more details [here](#).

The Coastal Conservancy announces the availability of the Explore the Coast Grant program. The grants will support activities that allow more people to explore California's spectacular coast, improve the visitor experience or help the public to learn about natural, recreational, cultural and historic resources of the coast. See more details [here](#).

UC Davis Professor Eric Sanford and colleagues' newly published research in the journal *Molecular Ecology*, focuses on the transcriptomic responses in sea urchin populations inhabiting areas that differ in the levels of seawater acidification. Read more [here](#).

Photo credit: Eric Post, UC Davis

UC Davis Professor Eric Post's study on the associations of sea ice dynamics on Arctic biota, published in the journal *Biology Letters*, found that annual timing of spring events is advancing rapidly for some plant species. Click [here](#) to learn more.

## Announcements

Photo credit: Sammy Tillery

A HUGE congratulations to Kristin Aquilino, who has been announced as the first ever recipient of the NOAA "Species

# Jobs

1. The Loveland Aquarium is in the process of building an Education Center that will be instrumental to the participation in the Species Survival Programs. Click [here](#) to find out more.

2. The Department of Ecology and Evolutionary Biology at UC Santa Cruz is looking for a Junior Assistant Specialist in Marine Ecology. The project is led by Dr. Kristy Kroeker, and focuses on marine ecology and environmental change in coastal zones. Read more about the project [here](#).

# Fellowships

The Geden Lab at George Washington University is recruiting a postdoctoral scientist in tidal wetland ecology to begin in Summer 2017. The lab focuses on how marsh plant communities respond to sea level rise, and how human dominated land interacts with coastal ecosystems. Details about the program [here](#).

Multiple awards of up to

in the Spotlight Hero Recognition Award." Aquilino has made significant contributions toward recovering the critically endangered white abalone, one of eight [NOAA Species in the Spotlight](#).

Congratulations to former UC Davis graduate students Christine Sur and Kaitlyn Kalua, who were awarded the 2017 John A. Knauss Marine Policy Fellowship! Sur and Kalua will join two other recipients in Washington D.C. to work with the legislative and executive branches of the federal government, respectively. Click [here](#) to read more.

## CMSI Grad Students and Postdocs

A promotional poster for a 'Coffee &amp; Tea HOUR' event. It features a top-down view of a white cup filled with dark coffee, with coffee beans scattered around its base. The text '3:00 PM' and '1347 STORER HALL' is overlaid on the coffee. To the right, the event title 'Coffee &amp; Tea HOUR' is written in a stylized font, followed by the description 'connect with peers, exchange conversation and ideas over caffeinated drinks and sweets'. Below this, the schedule for the Winter Quarter 2017 is listed: 'Mondays, January 30th, February 13th &amp; 27th and March 13th'. The UC Davis logo and the full name of the Coastal and Marine Sciences Institute are at the bottom right.

Join us for the next Coffee & Tea hour on March 13th!

\$3,000 will be granted to UC Davis graduate students for project work based at one or more of the UC Davis Natural Reserve System field stations: Bodega Marine Reserve, Jepson Prairie, McLaughlin Reserve, Quail Ridge Reserve, and Stebbins Cold Canyon Reserve. Students in all disciplines are encouraged to apply. Applications are due by March 10th, 2017. Find out more [here](#).

## Internships

The American Chemical Society has 20+ openings for the 2017 Summer Internship Program in Washington DC. Positions are open to undergraduates and graduates interested in Business, Chemistry, Communications/Journalism, Finance, and Marketing. Details [here](#).

The University of California Natural Reserve System has partnered with the National Park Service to offer summer internships at the Point Reyes National Seashore in Marin County. The internship positions range from wildlife ecology, range/vegetation ecology, dune restoration and rare plants, and archaeology. Click [here](#) to find out more.

Mark your calendars! Happy hour will be held for CMSI graduate students on March 6th at Uncle Vito's Pizza in downtown Davis.

**APRU and NYT Asia-Pacific Case Competition 2017:** The Association of Pacific Rim Universities (APRU) is partnering with The New York Times on a case competition titled "The Future of the Pacific Ocean." Teams are encouraged to partake in a global competition that highlights climate change and the future of the Pacific Ocean in a short policy brief. For more details, click [here](#).

## Events

# Spotlight

This month's Spotlight features graduate student and member of Hill Biogeochemistry Lab at BML, Brady O'Donnell. Read more about his experience at UC Davis [here](#).

APRIL 10, 2017 • 9am - 4:30pm • UC Davis ARC Meeting Rooms • Free with advance registration
